WEAPONS AND AMMUNITION

VERY IMPORTANT NOTICE

With reference to inconvenients happened during last year world cup, caused by participants not having followed instructions about weapons and ammunition importation and exportation, we strongly remind all participant delegations that:

Importing weapons and ammunition (ALSO AIR WEAPONS) in Italy without a proper licence is regarded as a serious crime, that can result in the confiscation of the weapons and the arrest.

The importation form sent to you is not, in itself, a proper licence. To be a valid licence it must be duly stamped at the border by the Border Police. This is not, usually, a particular problem for people arriving by plane.

All the other people arriving by train or by car **MUST LOOK FOR THE BORDER POLICE**, show them the form and ask them to have it stamped.

FAILING TO DO SO CAN RESULT IN WHAT WRITTEN ABOVE.
